

LABEL LOCK SECURITY SEALS AND TAPE

The No Residue Label Lock™ labels and tapes secures boxed and sealed items. If an unauthorised attempt is made to remove the label or open the item, the Label Lock™ lifts to reveal a message to show that the item has been tampered with, leaving no sticky residue, ensuring no damage whatsoever to the product, packaging or surface the security label has been applied to.

How to use:

The Label Lock™ label protects against unauthorised removal.

To use, remove a Label Lock™ from the box and apply the security label to most surfaces, rough or smooth.

No Residue Label Lock™ Labels are sold in 3 sizes and all are uniquely numbered under the label sub surface.

Benefits:

Once a low residue Label Lock™ is removed, it automatically shows an 'OPENED' message that cannot be hidden, indicating un-authorized access.

Label Lock™ Labels are sold in special protective dispenser boxes containing 250 labels on a reel.

INTREPIDSECURITY

Intrepid Security supplies and maintains a unique portfolio of systems to prevent stock loss and protect profits, supporting a healthy, profitable, business. With over 30 years experience in retail, library and distribution companies of all sizes and in all market sectors, we have a unique insight and understand that loss reduction cannot be sold as a one size fits all solution.

Our independence enables us to offer impartial advice, based on your company's specific needs and to work with each business to provide a viable solution that works. We supply companies large and small including many of the high streets' best known stores as well as the world's most famous department store.

We are constantly sourcing, researching and trialling new systems from the industry's most innovative developers and designers, in addition to our own in-house R & D, to ensure that we can offer you the best loss prevention solutions, including:

- **EAS:** tagging from the world's leading manufacturers across all technologies. We also supply tags, labels and alarms for any manufacturer systems.
- **CCTV:** The Highest definition cameras with mobile apps for dial in capabilities enabling you to see your business 24/7, from anywhere in the world.
- **SmartTrack Camera:** 360° Vision with the world's only Automated Twin Camera carriage track CCTV system. Ingeniously concealed, this travelling motorised system utilizes pan, tilt and zoom track cameras that glide undetected along a track. Silent, swift and precise
- **Access Control:** Software integrated, stand alone and unique RFID solutions.

Our focus is and has always been on quality, independent technical advice and customer support.
