# IntrepidLibrary

Intrepid Library supplies and maintains a unique portfolio of systems to protect all types of library media. With over 30 years experience in library and museums and public buildings of all sizes we have a unique insight and understand that there is no one size fits all solution.

Our independence enables us to offer impartial advice, based on your specific needs and to work with each client to provide a viable solution that works.

We are constantly sourcing, researching and trialling new systems from the industry's most innovative developers and designers, in addition to our own in-house R & D, to ensure that we can offer you the best loss prevention solutions, including:

- **EAS:** tagging from the world's leading manufacturers across all technologies. We also supply, labels and alarms for any manufacturer systems.
- **CCTV:** The Highest definition cameras with mobile apps for dial in capabilities enabling you to see your business 24/7, from anywhere in the world.
- **People Counting:** All types of people counters, from simple battery operated to IT integrated software, which can be fully customised for your own requirements. Remote access and real time reporting.
- **Access Control:** Software integrated, stand alone and unique RFID solutions.
- **Digital Team Communication:** Reliable team communication for up to 30 users. No battery packs or cables, just smart lightweight headsets that let you communicate over an area of up to 200,000 sqft.

**Our focus is and has always been on quality, independent technical advice and customer support.**
