

SOFT POUCH TAG

RF/AM PROTECTION FOR SMALL AND DELICATE ITEMS

Lightweight and versatile, the Soft Pouch Tag provides premium detection for items which would be impossible to tag with a conventional hard tag. It can also be used as a convert tag, inside items such as wallets and purses. The Soft Pouch Tag is available as an RF and AM tag and can be printed with your company logo. The tag can be attached by a variety of means, kimble, cord or conventional lock and pin, depending on the item. Use the Soft Pouch tag to protect:

- Lingerie
- Jewellery
- Handbag
- Premium knitwear
- Small leathers
- Belts
- Watches
- Scarves
- Gloves
- Hats

Dimensions:

W 23mm x L 60mm x D5mm
 Weight: 0.0032 gms

Minimum order 500

Actual size - Soft tag + standard lock and pin

Specifications:

INTREPIDSECURITY

Intrepid Security supplies and maintains a unique portfolio of systems to prevent stock loss and protect profits, supporting a healthy, profitable, business. With over 30 years experience in retail, library and distribution companies of all sizes and in all market sectors, we have a unique insight and understand that loss reduction cannot be sold as a one size fits all solution.

Our independence enables us to offer impartial advice, based on your company's specific needs and to work with each business to provide a viable solution that works. We supply companies large and small including many of the high streets' best known stores as well as the world's most famous department store.

We are constantly sourcing, researching and trialling new systems from the industry's most innovative developers and designers, in addition to our own in-house R & D, to ensure that we can offer you the best loss prevention solutions, including:

- **EAS:** tagging from the world's leading manufacturers across all technologies. We also supply tags, labels and alarms for any manufacturer systems.
- **CCTV:** The Highest definition cameras with mobile apps for dial in capabilities enabling you to see your business 24/7, from anywhere in the world.
- **SmartTrack Camera:** 360° Vision with the world's only Automated Twin Camera carriage track CCTV system. Ingeniously concealed, this travelling motorised system utilizes pan, tilt and zoom track cameras that glide undetected along a track. Silent, swift and precise
- **Access Control:** Software integrated, stand alone and unique RFID solutions.

Our focus is and has always been on quality, independent technical advice and customer support.
